We are delighted to welcome you at ENGIMACH 2019 Expo.

As the India growth story advances, newer horizons are being carved out everyday. Gujarat has played an important role in this industrial upliftment by ushering a new era of manufacturing quality products and making its world presence recognized. This is not the destination, but the growth story is heading to a new dimension aiming India's unparalleled Industrial Growth and Economic Soundness.

We have been running an Industrial Magazine named "CHTNA INDUSTRIAL VISION" Successfully for last 16 years, and it is our immense pleasure to be part of this Expo and glad to have this opportunity to connect with you through this event.

CHETNA has always strived to be a pivot of this growth story. This magazine, titled "INDUSTRIAL REVOLUTION" showcases the efforts of Indian Entrepreneurs. They are the torchbearers of this revolution which will place India on the forefront of World Business.

Our publication has always strived to help these entrepreneurs by promoting their efforts to every nook and corner of India. We are sincerely grateful to them for keep confidence in us and letting us serve them in the best way possible. We also thank all other people who have helped us reaching this peak.

We welcome your precious feedbacks and suggestions which will help us make our services more effective and industry-friendly.

We appreciate your love and kind support.

Best Wishes !!

From the desk editor.....

**Multi Function Counter  
 with Latest Feature**

- 30mm slim, attractive & Tough Counter
- Flexible to work with 1/25 microns
- **Special Feature :**  
 Built into circle marking (Hexagon PCD)  
 Divide hole on an Oblique Line  
 Machining on Radius (Curve)  
 Shrinkage Function
- In-Built Calculator (for maths sin/tan/deg.)
- Linear & Non-Linear Error Compensation
- 1000 Co-Ordinate Memory
- In-Built Calculator for finding work piece center
- Power Failure memory & reference recall
- **Most important : User Friendly Operating**

**Linear Scales with latest Features**

- Designed with five pin Bearing on slide for superior repeatability
- High sliding accuracy of + 0.005 mm per meter
- Long Life & Repeated Accuracy at 45/50 C Temp
- High quality rubber feet for Resistance to wear/scratch
- Integrated construction Excellent dust proofing with good performance
- Memory back up in built.
- Machine Reference signal for every 50 mm length ( For more than 1 Mts. Scale)
- Easy mounting, Excellent service back up
- Rapid construction can absorb more load & Jerk as compare to slim scale
- Maintenance Free design for longer life
